

A Minimal Beamer Presentation

Rob Beezer

Department of Mathematics and Computer Science
University of Puget Sound

UPS Sage-TeX-Beamer Seminar
Fall 2009

First Slide

- Opening point
- Another point
- Gratuitous math: $x^2 + y^2 = 25$

Second Slide

A Short List

- A definition
- An observation

Second Slide

A Short List

- A definition
- An observation

A Big Theorem, After a Pause

Theorem (Four Color Theorem)

Every planar graph can be colored with four colors.
